

I'm writing to say that K-LOVE Christian Radio has been a very important part of our local community. I would object to any change in FCC broadcast services that would mean we could no longer receive K-LOVE's signal in our local community.

K-LOVE is the only station we currently have that plays contemporary Christian music. I'm in a band at our local church, and we use K-LOVE as a resource for music for our local worship services. Having access to this national resource has greatly enriched our local worship services. It has given us sources of inspiration and comfort that we would not have otherwise.

Allowing us to continue to have access to this national resource is in the public interest because of how it positively impacts our local worship services and brings us renewal and inspiration. I feel strongly that this resource is essential. I hope you won't make any changes that will cut off our access to this station. Thank you very much for the opportunity to comment.
